

Hawkesbury Achievement

2018-2019

Schools are required to publish their latest KS2 assessment data taken from the SATs tests that Year 6 children take each year.

The first table shows the proportion of children who achieved the expected standard and a higher level of attainment.

KS2	Number of pupils	Percentage of pupils
Reading	Expected+ 8/15	53%
	Greater depth 3/15	20%
Writing	Expected+ 12/15	80%
	Greater depth 3/15	20%
Mathematics	Expected+ 10/15	67%
	Greater depth 0/15	0%

The second table shows the progress scores for the cohort as a whole. The average is 0 and measures are calculated based on the score each child achieved at KS1 (Year 2) and compared to other children across the country who achieved a similar score at KS1.

Reading	-1.8	Average band
Writing	0.6	Average band
Maths	-2.2	Average band

The third table shows the average scaled score for the cohort. Children must achieve a scaled score of 100 to pass the test and an average of 110 to achieve a higher level.

Reading	102.1
Writing	
Maths	101.8
GPS	101.0

Please note: achievement information can be an indicator of the quality of teaching at a school but it can also be significantly skewed by a range of factors, particularly in a small school when the number of children is so few.
