

## Robin Class Newsletter

Dear Parents/Carers,

Welcome to Term 2, I hope you have all had a restful half term. The children in Robin Class had a fantastic start to the school year and have settled well into school routines. Please find information below on a few changes that have been made for this term. I have also attached the overview for Term 2.

### Reading Books and Homework

This term reading books will still be sent home on Mondays and will need to be returned to school on Friday morning each week please.

The Year 2 children will take part in the Phonics Screening towards the end of this term. This usually takes place towards the end of Year 1 but due to the current situation this has been delayed. We are making the necessary preparations at school, however, regular reading and reviewing of the sounds at home will also support this process.

The new homework jigsaw will be uploaded to Google Classroom on Friday. Invites to Robin Class on Google Classroom have been sent out, please let me know if you have any issues accessing our Google Classroom. Children can still complete their homework in their homework books and these will be checked on a Friday. I will also check homework submitted online through Google Classroom.

### Recognition Boards

We have a recognition cloud in Robin Class where children who consistently show positive behaviours in school are recognised by having their peg placed on the cloud. We have a specific focus that children work towards which is linked to the 3 school rules- Be Ready, Be Respectful, Be Safe. To recognise behaviours that are over and above what is expected we will also be sending positive notes home, children have to work really hard to receive these and it is a great way to recognise the positive behaviours consistently shown throughout the school day.

### Enquiry

In Term 1 we completed our first Enquiry 'How can we help?'. The children have enjoyed learning through this Enquiry and were required to create a stop motion film to answer the question. These films were a great success and we are all very proud of them for embracing the challenge.

### PE:

This term PE will be on Wednesdays and Thursdays. Please ensure your child wears suitable PE kit to school on these days, including trainers.

Please don't hesitate to contact me if you have any questions or concerns.

Kind Regards

Mrs S Wiggins
